LOGS RUN

CONTRACTOR: Schlumberger / BH SWSI

COMMENTS:

Well being sidetracked by BH down to 3900m. From 3907m to TD, LWD logging was performed by Anadrill/Schlumberger.

Log curves presented, complete MWD log data spliced with wireline log data.

No resistivity log data from 3448m to 3900m due to MWD failure.
