

NPD – exploration drilling result

11/03/2016 The Norwegian Petroleum Directorate has granted Statoil Petroleum AS a drilling permit for well 30/11-11 S, cf. Section 8 of the Resource Management Regulations.

Well 30/11-11 S will be drilled from the *Songa Delta* drilling facility at position 60°4'29.77" north 02°38'8.97" east in production licence 035.

The drilling programme for the 30/11-11 S well relates to the drilling of a wildcat well. Statoil is the operator with an ownership interest of 50 per cent. Det norske oljeselskap ASA is a licensee with an ownership interest of 50 per cent.

The area in this licence consists of a part of block 30/11. Production licence 035 was awarded in licensing round 2-A on 14 November 1969. This is the tenth exploration well to be drilled in the licence area.

The permit is contingent upon the operator securing all other permits and consents required by other authorities before commencing the drilling activities.

See [Factpages](#) for more information about this wellbore.
